Superior Implements offers durable, hard-working equipment you can count on to perform and deliver year after year. Designed and engineered with industry leading features, Superior Implements will be your best investment no matter how tough the job.

Whether your goal is creating landscape, golf-course maintenance, residential, farming or commercial use, Superior Implements offers a variety of implements that fit your individual needs and budget.

We will powder coat to match most common tractor colors at no additional charge.
**SPECIFICATIONS**

**ADHD6**
- **Model Width**: 6'
- **Dimensions (L x W x H)**: 72” x 78” x 41”
- **HP Rating**: 40-50
- **Harrow Teeth**: 16
- **Shank Qty**: 6
- **Shanks**: Hydraulic, Ripper or Sweep Style
- **Hitch**: 3-Point Cat II

**ADHD7**
- **Model Width**: 7'
- **Dimensions (L x W x H)**: 72” x 90” x 41’
- **HP Rating**: 50-60
- **Harrow Teeth**: 18
- **Shank Qty**: 8

**ADHD8**
- **Model Width**: 8'
- **Dimensions (L x W x H)**: 72” x 102” x 41”
- **HP Rating**: 60-80
- **Harrow Teeth**: 20
- **Shank Qty**: 8

**FEATURES:**

- **The Rippers on the front break up hard packed/unused ground in preparation for the rest of the drag to do its job.**
- **The wide sweeps located on the front of the drag rip through hard packed/unused ground minimizing the space between rippers reducing divots in your hard pan which lessens the chance of injury to your livestock.**
- **The arena drag’s double grader blades allow for dirt to be carried by the drag and evenly distributed throughout.**
- **The arena drag fills and repairs holes produced by high powered performance animals.**
- **The harrow teeth also breaks up and stir the top soil of your arena, finishing it off with your choice of two clod busters, one made from 1” hot roll for people that are wanting to bust up clods and also pack the ground back down a little, the other made with 3/8”x1 ½” flat turned up on end to chop dirt clods then leave the dirt with a nice fluffy finish. The round clod buster comes standard.**
- **The Harrow Teeth and clod buster depth control are both adjustable utilizing a centrally located hydraulic cylinder (this hydraulic cylinder can easily be replaced for manual adjustment for those who don’t have two hydraulic remotes on their tractor).**
- **The arena drag comes with one hydraulic and one manual cylinder standard.**
- **We will powder coat to match most common tractor colors at no additional charge!**
THE SUPERIOR HEAVY DUTY ARENA DRAG IS BUILT TO LAST.

THE DESIGNERS HERE AT SUPERIOR IMPLEMENTS WANTED TO TAKE AN AFFORDABLE DESIGN, COMBINED WITH OUR OWN EXPERIENCES TO MAKE THE MOST USER FRIENDLY DRAG ON THE MARKET. THE DESIGN OF THIS ARENA DRAG TAKES FOUR IMPLEMENTS (RIPPER, GRATER, HARROW, CLOD COMPACTOR) AND ROLLS THEM INTO ONE. PROVIDING AN IMPLEMENT THAT USES ONE PASS, HALF THE TIME, EVERY TIME!

THE RIPPERS ON THE FRONT BREAK UP HARD PACKED/UNUSED GROUND IN PREPARATION FOR THE REST OF THE DRAG TO DO ITS JOB.

THE WIDE SWEEPS LOCATED ON THE FRONT OF THE DRAG RIP THROUGH HARD PACKED/UNUSED GROUND MINIMIZING THE SPACE BETWEEN RIPPERS REDUCING DIVOTS IN YOUR HARD PAN WHICH LESSENS THE CHANCE OF INJURY TO YOUR LIVESTOCK.

THE ARENA DRAG’S DOUBLE GRADER BLADES ALLOW FOR DIRT TO BE CARRIED BY THE DRAG AND EVENLY DISTRIBUTED THROUGHOUT.

THE ARENA DRAG FILLS AND REPAIRS HOLES PRODUCED BY HIGH POWERED PERFORMANCE ANIMALS.

THE HARROW TEETH ALSO BREAKS UP AND STIR THE TOP SOIL OF YOUR ARENA, FINISHING IT OFF WITH YOUR CHOICE OF TWO CLOD BUSTERS, ONE MADE FROM 1" HOT ROLL FOR PEOPLE THAT ARE WANTING TO BUST UP CLODS AND ALSO PACK THE GROUND BACK DOWN A LITTLE, THE OTHER MADE WITH 3/8" X 1 1/2" FLAT TURNED UP ON END TO CHOP DIRT CLODS THEN LEAVE THE DIRT WITH A NICE FLUFFY FINISH. THE ROUND CLOD BUSTER COMES STANDARD.

THE HARROW TEETH AND CLOD BUSTER DEPTH CONTROL ARE BOTH ADJUSTABLE UTILIZING A CENTRALLY LOCATED HYDRAULIC CYLINDER (THIS HYDRAULIC CYLINDER CAN EASILY BE REPLACED FOR MANUAL ADJUSTMENT, FOR THOSE WHO DON’T HAVE TWO HYDRAULIC REMOTES ON THEIR TRACTOR).

THE ARENA DRAG COMES WITH ONE HYDRAULIC AND ONE MANUAL CYLINDER STANDARD.

WE WILL POWDER COAT TO MATCH MOST COMMON TRACTOR COLORS AT NO ADDITIONAL CHARGE!
