Unexpected power when you need it most

Versatile and productive, with power to tackle tough jobs and plenty to spare thanks to the use of exclusive design-matched T-Drive™ and T6® hydrostatic drive systems. The tandem-pump drive train is direct-coupled to the engine to transmit more power to the cutting deck or implement. The innovative AntiVibe Power Platform® isolates the engine and drive system from the operator station providing an unprecedented, vibration-free environment eliminating fatigue for the operator.

For enhanced efficiency, consider the 727T EFI with closed-loop electronic fuel injection. A wide range of benefits include decreased fuel use, reliable hot and cold weather starts, reduced engine exhaust emissions and fewer fuel-induced service issues.

The horizontal crankshaft configuration adds performance life to the engine.

The CoolFan™ hydrostatic pump and filter cooling system partner with wheel motors for smooth, responsive steering and less maintenance with 1,000-hour fluid change intervals.

5.5-inch deep DuraMax® decks with anvil-edged design for exceptional durability easily convert from wide-pattern side discharge to optional mulching or vacuum collection. Or choose the 4-in-1 deck to add a rear-discharge option that distributes clippings out the back. A dedicated rear-discharge deck is also available.

Change cutting height easily on the job with the flip of the PowerFold® switch. Use the same switch to electrically fold up the deck for storage and easy maintenance.

Deep-cushioned Ultimate Suspension Ride™ (USR™) seat featuring CoolTemp Cordura® with lumbar support and coil-spring suspension keeps the operator comfortably in control for all-day comfort.

ComfortReach™ “no tools” lever adjustment provides the operator a custom steering fit.

Quickly attach a wide range of seasonal implements with the exclusive QuikConverter™ Implement System to save time and labor on all your jobs.

Options

- Quik-D-Tatch® PowerVac™ Collection Systems
- Down Discharge™ mulching packages
- Dedicated rear-discharge deck
- Speed-Trimming™ heavy-duty roller
- Hydraulic deck lift
- Halogen or LED work lights
- Full-flotation deck
- Extended steering levers
- ComfortReach™ “no tools” QuikAjust Tilt™ steering levers with 9-inch comfort range
- Big Boy wide-side conversion kit
- Premier suspension seat
- Adjustable cup holder
- Foldable ROPS with seat belt
- Turf tires
- Dual-fork tail wheels or wide-stance, single-fork tail wheels
- Flat-proof 13x6.50x6 tires
- QuikConverter™ implements
- Sunshade Canopy (for ROPS)
- Yellow beacon light
- Filter minder
- 4-in-1 convertible decks feature PowerFold® and include rear discharge
- QuikConverter™ implement capability with wiring harness
- PowerFold® height adjustment switch on armrest
