The 1220 comes standard with Skid Steer Tool Carrier

The 1220
Designed for 45 to 75 hp Tractors

1220

10'-4"  
Lift Height 
3,609 lb 
Lift Capacity

1440

11'-8"  
Lift Height 
4,400 lb 
Lift Capacity

The 1440 available with choice of Tool Carriers:
• Skid Steer
• Euro Style

1440

Designed for 60 to 110 hp Tractors
Euro-Style Quick Attach
One-lever attaching and detaching of Euro-style attachments. Available on all models except 1220.

Quick, Easy Mounting
Position parking stands, pull 2 pins, and park.

12'-10" Lift Height
4,750 lb Lift Capacity

Designed for 80 to 130 hp Tractors
1750

Designed for 90 to 190 hp Tractors

Heavy Duty 4- or 6-Tine Quick Attach Grapple
- 3/4" Tines
- Dual Cylinders
- Easy Disconnect
- Spill Guard Option

13’-8” Lift Height
4,500 lb Lift Capacity

Quick & Easy Mounting/Dismounting
- Position Parking Stand
- Remove 2 Nuts
- Park Loader

Hard Working & Rugged
JUST LIKE YOU!

As with all KMW Front-End Loaders...
you can start with the base unit and add features anytime:
- Solenoid-operated Comfort Drive
- 1-Lever Hydraulic Disconnect
- Loader Valve with Solenoid-operated Third Function
1760
Designed for 110 to 190 hp Tractors

13'-8"
Lift Height
5,600 lb
Lift Capacity

1760 HL
Designed for Higher Lift on 110 to 190 hp Tractors

14'-8"
Lift Height
5,600 lb
Lift Capacity

Loader Brackets are a key component of your loader.

COMPARE the following:
You will see why KMW Brackets are superior to other loader brands.

- Triple-pass welds in critical areas insure KMW brackets' structural integrity won't be compromised by today's Hi-horsepower tractors.
- Key Bracket supports welded inside and out (Check the competition)
- Thick high-yield steel is utilized in all bracket components
- Heavy-duty doublers along with plug welds are incorporated in high-stress areas based on extensive strain gauge, cycle and field testing.
KMW Front End Loaders

1860

Designed for
140 to 300+ hp Tractors

Optional 2-way Hydraulic Self Leveling
- Less wear points
- Improved rollback angle
- Low profile
- Can be added anytime

Available on all models except 1220 and 1750

15'-0" Lift Height
6,400 lb Lift Capacity

Hard Working & Rugged
JUST LIKE YOU!
Optional Comfort Drive features:
- Solenoid Operation – with the flip of a switch from the comfort of your cab, you can turn it on and off
- Improves operator comfort
- Reduces strain in tractor and loader frames
- Extends machine life
- Increases productivity
- Can be added at anytime
- Available on all models except 1220

Pallet Fork
- Available in Skid Steer & Euro Style
- 1 1/2” x 4” tines
- > 42” long on Skid Steer
- > 48” long on Euro Style
- Back Guard standard

Bale Probe
- Heavy-duty frames
- Available in Skid Steer & Euro Style
- Euro Style has two 2,000 lb, 49” Probes
- Skid Steer has single 2,000 lb, 49” Probe

13 sizes of Buckets:
- Widths from 72” to 102”
- Standard Buckets
- Heavy-duty Buckets
- Grapple Buckets
- Bolt-on cutting edge
- Skid Steer & Euro Style

CUSTOM DESIGNED Hydraulic Valve Kits
- 2- & 3-spool valve kits available
- Cable operated
- 3rd-spool solenoid operated
- Heavy-duty joystick with 3rd function switches
- Can be used on KMW and other brands of loaders

KMW dual-chamber piston-style accumulator designed for trouble-free operation
Other loader manufacturers use a single-direction bladder type accumulator. KMW’s high-quality accumulator absorbs loader shock during both the up and down movement of loader.

4-tine Grapple Options
- Spill Guard
- Extension Kit Converts 4-tine to 6-tine Grapple
### Why KMW is your best choice:

- **Heavy-duty robust construction** to meet your operational demands
- **Innovative engineering** for a sleek design and maximum performance for your size tractor
- **Extra strong components** and state-of-the-art manufacturing for optimum dependability
- **Powder coat paint** to match your tractor and provide a superb finish
- **Modular options** Attachments and features can be easily added anytime
- **Thorough testing** to ensure long-life durability
- **Priced right** for the value you deserve
